

FISCAL NOTE - CAPTION BILL

HB 417 - SB 881

March 7, 2000

CAPTION BILL: Fiscal note reflects identical amendments filed to lift bill from Senate Clerk's desk and lift bill from House Clerk's desk (007551).

SUMMARY OF BILL: Specifies that any chemical analysis of the alcohol and drug content of a defendant's blood that has been obtained by lawful means while the defendant was hospitalized or otherwise receiving medical care shall be admissible into evidence in a criminal prosecution for driving under the influence and adult driving while impaired.

ESTIMATED FISCAL IMPACT:

Increase State Revenues - Not Significant

Increase Local Govt. Expenditures - Not Significant

Increase Local Govt. Revenues - Not Significant

Impact depends upon the number of additional persons convicted of driving under the influence and adult driving while impaired and the resulting increased cost to local governments to confine such persons versus the increased revenues to local governments from fines levied and collected under the provisions of this bill. Estimate assumes an increase in state revenues from driver license reinstatement fees paid to the Department of Safety by those additional offenders whose licenses are suspended.

CERTIFICATION:

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.
